Visa Account Updater Service Opt-Out Form

The Visa Account Updater service provides a seamless transition for your recurring payments when your Keys Visa Credit Card expires or is replaced. Visa will automatically update your saved card number and/or expiration date with participating national and some local merchants whenever your information changes.

Keys Visa Credit Card holders are automatically enrolled in the Visa Account Updater (VAU) service to facilitate uninterrupted processing of your recurring payments. If you do not want participating merchants to automatically receive your new card information, you may opt-out of the VAU service at any time by completing this form.
